In 1934, Ann Pichler found herself facing some very harsh realities. Her husband Charlie had suffered a disabling accident in Yale coalmine #13. With only Annie's ingenuity was the family of five going to survive? She did what she knew best, cooking! Annie turned her home into a small restaurant. The living room became the dining area and the kitchen was, well, the kitchen.

The kids, Carl, Wilma, and Louella attended school during the day and worked at the restaurant in the evenings. Many a Saturday night saw friends, young and old enjoying a good old-fashion chicken dinner and perhaps a dance or two. Annie's reputation grew: For a good meal and warm hospitality, come out to Yale! In 1963, Annie and Charlie retired and their children took over the operation. A new building in 1972 with increased seating, and an enlarged menu was added to better serve our valued customers. What began in 1934 continues today with Annie's grandchildren.

Chicken Annie's Original will take care of all of the details for your next gathering.
